

REFUGEES ESCAPE TROUBLE IN MEXICO

HEIRS HAVE PRATHER RESIDENCE DIVESTED OF ITS \$10,000 CONTENTS

Claimants of Estate Execute Coup at Night With Aid of Moving Van

The battle between Edson F. Adams and the heirs of the late Thomas Prather, deceased, is now assuming a wider scope than ever before. The contest is a royal one and up to date Mr. Adams has failed to make good in his search for the missing Prather fortune.

The brothers and sisters of the late Thomas Prather seem to have the fortune safely tucked away and Edson Adams and his wife, Mrs. Elizabeth Wheaton Adams are still searching for the money which they assumed under the will of Julia Adams Prather would go to the three children of Mr. and Mrs. Edson Adams.

It appears that Thomas Prather left enough debts to about wipe out the estate left to the three minor children of Mr. and Mrs. Edson Adams.

The heirs of Thomas Prather have just put over one of the cleverest Sherlock Holmes stunts performed in this city for many a day.

When Thomas Prather was alive he was executor of the estate of his deceased wife, Mrs. Julia Adams Prather. When he died she left the estate without an administrator, although Prather had managed the property affairs of his wife for a number of years.

ADMINISTRATRIX NAMED.

At six o'clock last Thursday afternoon, Edson F. Adams with his attorney, Charles E. Snook slipped into one of the departments of the Superior Court and without notice to the opposing side, had Mrs. Elizabeth Wheaton Adams, wife of Edson F. Adams, appointed administratrix of the estate of Julia Adams Prather.

Now Mrs. Elizabeth Adams is no blood relation to Mrs. Julia Adams Prather, but by reason of the fact that she was appointed guardian of her three minor children, she claimed the right to come in and now administer to her sister-in-law's estate.

Having been appointed to the position of the administratrix, it gave her the right to take possession of the home and its contents located at No. 1441 Alice street. This home will become part of the property of Thomas Prather's estate.

The contents of the home, however, which are valued at about \$10,000, is in dispute.

On Friday afternoon, Mrs. Adams filed her bond as administratrix and was preparing to take possession of the personal property contained in the house.

In the meantime representatives of the heirs of Thomas Prather, quietly slipped into the house, claiming the right to do so, because of being next of kin of Prather, and also claiming the right to administer on his estate and further claiming to be the heirs of the late Thos. Prather, and secretly took possession of the contents of the home.

During Friday all of the curtains of the house were carefully pulled down and six men quietly packed everything together preparatory to removing it to a secret hiding place.

When night came everything was ready to be taken out of the house. By 2 o'clock Friday night five large moving vans backed up to the front of the Prather home and were quickly loaded with the contents of the house. By 2 o'clock in the morning every vestige of the personal property had been removed from the old Prather home on Alice street save two old and beautiful oil paintings.

FIND PAINTINGS ONLY.

When Edson Adams and his attorney went to the home Saturday morning for the purpose of taking possession of the \$10,000 worth of furniture and other articles of value contained in the house, they found facing them on the wall the two beautiful pictures. One was a portrait of the late Edson Adams Sr., father of Edson and John Charles Adams and the other a portrait of the late Mrs. Julia Prather.

Not a vestige of anything else was left on the premises, save an old trunk that was thrown away.

It is said that Edson F. Adams never got such a shock in his life, as when he looked at the old home and saw it dismantled. In the meantime Attorneys Chapman and Trefethen, who represent Samuel Prather, brother of Thomas Prather, feel confident that they have the law and the facts on their side and that after the battle is over, Edson Adams' end of the controversy will have won but little, save the good will contained in the last testament of Mrs. Julia Prather.

BEGINS WAR ON KODAK TRUST

Attorney-General Files Civil Suit to Dissolve Eastman Combine

Charges Monopolizing Trade in Photo Supplies Under False Names

BUFFALO, N. Y., June 9.—Dissolution of the so-called "Eastman Kodak Trust" was asked in a civil suit filed here today by order of Attorney-General McReynolds. The Federal government seeks the dissolution by receivership, if necessary, of the Eastman Kodak Company of New Jersey and the Eastman Kodak Company of New York, which are charged with monopolizing the trade in photographic supplies.

It is the aim of the government to obtain a division of the assets and business of the two companies, controlling 72 percent of the business in the United States, into such parts as will destroy the alleged monopoly and restore competition. The petition in equity asks for an injunction forbidding the fixing of re-sale prices of cameras, films and other patented photographic supplies.

PATENT DECISION.

This marks the Attorney General's first application of the recent decision of the United States Supreme Court denying patentees the right to fix re-sale prices of retailers.

Following are named as defendants: Eastman Kodak Company of New Jersey, Eastman Kodak Company of New York; George A. Eastman, Henry A. Strong, Walter S. Hubbard and Frank S. Noble, all of Rochester, N. Y.

The bill filed by United States Attorney O'Brien is the result of an extensive investigation of the "trust" by James A. Fowler, assistant to the attorney general and Clark McKoche, special assistant attorney general. Mr. McKoche is in immediate charge of the suit.

The alleged monopoly has been accomplished, the petition declares, by the Eastman companies absorbing or acquiring control of a number of the great competitors in the United States and foreign countries.

PRETEND COMPETITION.

Complaint is made that retail or stock houses, owned by the Eastman companies are conducted under the names of the original owners as competitors of the "trust."

Unfair competition is charged but alleged practices of Eastman companies in marketing through one of its competitors, the Defender Company (Rochester) a certain film as if it were

FEDERALS WILL FIGHT FIERCELY

Refugees Escape From Scene of the Expected Sharp Hostilities

Government Generals Send Out Word That Campaign Will Be Vigorous

SAN DIEGO, June 9.—Flying from what they believed to be more serious trouble and bloodshed on the west coast of Mexico, G. Burneska, a wealthy American resident of Mazatlan, Mex., Mrs. Burneska and their four children arrived yesterday on the steamship Benito Juarez and left for Los Angeles.

"It was getting too warm for us at Mazatlan," said Burneska. "We had been having trouble enough down there. The federal generals on the west coast have sent out word that they are about to go at the revolutionary forces in real earnest. This means sharp fighting for a time at any rate, and I wanted to get my wife and children out of the trouble zone."

OJEDA IN COMMAND.

George Jackson, who has been working for the Southern Pacific railway near Guaymas, was a passenger on the Juarez. He says that General Pedro Ojeda, who was arrested by United States soldiers here several weeks ago and confined at Fort Rosecrans, later being released by order of the secretary of war, is now in command of the federal troops at the Gulf of California port. He has about 5000 troops in addition to several batteries of heavy artillery under his command, the forces being about equally divided at Empalme, Boto-motel and Old Guaymas. The water works and the main place and it is here that the artillery is stationed. The rebels, according to Jackson, are entrenched near Hermosillo and number about 3000. Just before the Juarez sailed General Ojeda announced that he would begin offensive operations against the rebels within a few days.

ORE ON VESSEL.

Seventeen sacks of gold ore, one bar each of gold and silver and gold sulphides and one bar of silver worth approximately \$1,500,000 were landed. The metal is the product of the mines near Mazatlan and is consigned to the Anglo-American Bank at San Francisco.

Boarding officer George Sweet inspected the 104 passengers of the steamer, the majority of them immigrants, and held nine for further investigation.

The decision was a victory for the State on the Interstate Commerce phrases of the controversy, and upon the confiscatory features with the exception of the portion affecting the Minneapolis & St. Louis.

Lady Stewart-Richardson has been cantering recently in barefoot dances for the edification of Viennese playgoers, in the costume and dances in which she will appear in New York. NEW TRANSPORT SERVICE PLANNED

California and Hawaiian Islands Will See Latest Run.

SAN FRANCISCO, June 9.—According to dispatches received in this city, the United States Government shortly will inaugurate a new transport service between this State and the Hawaiian Islands. According to word received yesterday, the transport service which is at present on its way from the Philippine Islands, will be the first troopship to make the California-Hawaiian run. This new run has been brought about because of the extensive fortifications which the United States is installing in the islands. The amount of material and number of troops being carried to the islands is so great that Government officials decided it would be better to inaugurate a special line. The demand for suitable tonnage to move this mass of quarter-master supplies and troops is declared to be extremely pressing.

At present all material and troops taken to the islands are carried on the Manila transports. When these are disembarked at Honolulu the troopship must continue the rest of the journey almost empty. The United States Army transport Thomas will arrive in the harbor and dock at the transport on the morning of June 10, and will be the first of a line of troopships to be sent from Honolulu after taking two companies of artillery and a company of signal corps to the island.

CUPID IN O'GORMAN HOME

ANOTHER SISTER TO WED

MRS. JOHN A. MAHER, WHO WAS MISS DOLORETTA O'GORMAN. ONE OF SIX PRETTY SISTERS.

WASHINGTON, June 9.—Is young cupid about to invade the family of Senator James A. O'Gorman, for the third time? Society tongues started wagging today when rumors were spread broadcast that another of the pretty O'Gorman sisters was engaged and that the betrothal was to be made known at a reception next week.

It is only two weeks since Miss Doloretta O'Gorman became Mrs. John Anthony Maher at one of the most fashionable weddings Washington and New York society has witnessed. Doloretta, the eldest of the six fair members of the family, was the second to change her name. Which one of her sisters is to follow her example, the family refuses to make known, but society insists one of them will, and when Washington society folks know—they know, and that's all there is to it.

Girls Taken in Raid

LOS ANGELES, June 9.—Three Polytechnic high school girls and six other young women, the youngest 14 and the oldest 19, were taken into custody early yesterday morning in a raid by seven automobile loads of county officers on the Del Rey tavern at Venice. William Evans, proprietor of the resort, which is a combination restaurant, dance hall and hotel, also was placed under arrest. The raid was the result of a grand jury investigation.

The wildest confusion reigned at the resort when the spectacular night swoop was made. Men and women jumped from the windows, carrying screens with them and landing in the arms of the cordon of officers surrounding the place. About thirty persons were temporarily detained, but only the four girls were loaded into automobiles and brought to Los Angeles and, after the rest of the night was spent in temporary quarters at the courthouse, are now at Juvenile Hall.

The girls broke down yesterday afternoon and confessed. Two young married women begged that their names be withheld, as disclosures would mean divorce. Those under arrest are all from good families and attribute their visit to the resort to invitations to take motorcycle or automobile rides with male companions.

Barrymore Quarantine Lifted

NEW YORK, June 9.—Erebrant with happiness, Miss Ethel Barrymore, who is Mrs. Russell G. Colt in private life, arrived at her country home in Mamoronek yesterday with her little daughter, Ethel Barrymore Colt, fully recovered.

Ten days ago the child lay at the point of death at the Minton Hospital, owing to a complicated case of diphtheria.

"The baby owes her recovery to the constant attention which the mother gave it," said one of the nurses at the hospital. "She never left its side, and during the crisis never slept a moment."

Miss Barrymore has given up her vacation in Europe and will remain the entire summer in Mamoronek with her children. A third baby is expected before fall.

While Miss Barrymore has not decided to give up the stage for the sake of her children, she has determined never to go on tour again. She said a few days ago while at the bedside of her child:

"One never thinks of the stage in a moment like this. Now I know that I can never be away from my children and my home for a single night."

"I will appear only in New York hereafter, and then only provided there is any manager who will present me realizing the conditions. I love the stage, but I love my children most of all. Like every mother, I want to be with them when night comes. I can't do that 'on the road,' so the tours must go. I shall not play even as far west as Philadelphia."

"Trousers" Comes Next

CHICAGO, June 9.—Trousers that are not trousers, skirts that are not skirts, but a combination of both—"trousers"—will be offered by Chicago dressmakers as "costs" for the abused but popular slashed skirt. Hereafter modern woman will pull on her "trousers" over her feet, not over her head. The dream of many decades is coming true: woman is going to wear trousers. Modistes say "let her have 'em," and that settles it.

When the Chicago Dressmakers' association opened warfare on the little slash that first disclosed only an instep, then an ankle, and finally—well, some are covered by lace insertion—its members began searching for a less striking yet satisfying substitute. It is a great flaring ankle-length pair of something so covered with drapery that on the street one would never stare at it. The trousers and drapery are all one, but there is no Mexican slash in the trousers.

Death Dream Comes True

LOS ANGELES, June 9.—Because she had dreamed the night before that she would be killed in an automobile accident, Kitty Howe, a pretty young chorus girl, jumped from a speeding car when it struck a rock and swerved to one side. She landed in a pile of rocks, fracturing her skull and died at a hospital at San Bernardino.

Howard Ham, with Kitty Howe and Babe Leroy, another chorus girl, were coming down the Waterman canyon road before daylight when the accident occurred. Automobiles bringing the high school senior class from a reception picked up the dying girl.

Nothing is known as to the girl's relatives. A letter was found in her baggage from J. E. Hohmann of Venice. Howard Ham is a member of one of the leading families of San Bernardino. Two other young men, William Nielsen and Ray Smith, and a third chorus girl had been members of the party, but were not in the machine when it was wrecked.

ISLAND IMPORTS, 9 MONTHS ENORMOUS

United States Products Sent to the Philippines Total \$19,468,592.

WASHINGTON, June 9.—During the nine months ending with March last the value of the imports of the United States into the Philippine Islands was \$19,468,592, or 44 per cent of the total imports, which amounted to \$42,317,284. The increase of 8 per cent in imports over the previous corresponding period was due almost wholly to increased importations from the United States.

Official statistics of the foreign commerce of the Philippines, compiled by the bureau of insular affairs, show also that this country figured in the

total value, as against \$13,616,967 for the same period of the previous year. The total value of cotton cloths imported into the islands during the nine months ending with March, 1913, was \$3,625,896, as compared with \$6,860,329 during the previous year.

The United States purchased hemp from the islands to the value of \$10,018,576, an increase of \$4,652,715 over the same period for the previous year.

Imports of sugar and copra, valued at \$1,708,293, were exported to this country, a material increase. There was a reduction in the value of sugar and copra exports, due, principally, however, to reduced prices.

RESIGNATION OF PASTOR REFUSED

Dr. Kelly Cleared of Charges Leads Wife to the Pulpit.

SAN JOSE, June 9.—After a stormy investigation, the last in a series of three which have marked a pastorate of eight months in the First Baptist church of this city, the congregation of the church voted yesterday morning to return to Rev. Claude Kelly, D. D., the pastor, his written resignation, which was given to the advisory board three days ago after an all-night session at the Y. M. C. A. building. Kelly was accused of misconduct with a 19-year-old girl of his congregation.

Mrs. Kelly, who has been in the East to attend her mother's funeral, was in

casual a dramatic one by leading her by the hand into the pulpit just prior to the vote which absolved him of blame in the matter.

After the reading of the statement M. F. Hall stated that the advisory board had handed back Kelly's resignation. He said the advisory board had expressed confidence in its report. On a rising vote only fifteen voted against the minister.

F. A. Gault, former candidate for mayor, demanded of Kelly after the church session that he produce the letter from Pittsburg containing statements regarding Kelly's integrity. Hints of an official investigation of Kelly's conduct were heard last night.

Why Shouldn't the \$700 Man Feel Blue?

"A 2-cent stamp will carry a letter to New York. You wouldn't put a 5-cent stamp on it, would you? That would mean a loss of 3 cents.

"Yet you will pay \$700 for a Player Piano when one as good or better can be had for \$457.50.

"Just because you have always been asked \$700, or more for a player of this quality, you think that is the fixed price--- and it is with every other house, but ours."

We have just received two more cars of these wonderful Players. Our exclusive Pacific Coast representation of this and other factories and the fact that we maintain forty stores on the coast enables us to get this introductory price from the manufacturers. It's easy to quickly find out what is obtainable elsewhere for \$700. Shop around all you want to, find out for yourself the utmost to be had for \$700. Don't look at anything for less than \$700. Look only at the very best and most expensive instruments, then come here and get a better, a more valuable player piano, better in tone and better in the artistic rendering of your favorite selections at a saving of exactly \$242.50 and on payments of \$2 weekly.

Do you suppose we would make a statement like this if it couldn't stand the test? Could we have sold the entire original shipment of sixty-three beauties during our recent sale if anyone had taken up our challenge and disproved our statement?

We have never advertised one Payer-Piano as best one month and another make the next as the majority of houses are doing. Our buying department as well as our manufacturing is in the hands of dependable and time tried experts. You may rely upon it that as pioneer Player-Piano merchants we thoroughly understand the Player-Piano business and we have been fortunate in that we have not had to experiment with every Tom, Dick and Harry of a manufacturer who may have come along with a new idea that eventually the piano buying public pays to try out, and after it has failed or proven not up to standard, another is then exploited as the "best."

A Player-Piano is being advertised as the "Standard in Player-Pianos and acknowledged as such," which only a few short days ago was claimed as vastly inferior to the article peddled at that time.

It is a distinctive and noteworthy fact that Eilers have not figured in this transfer of agencies. Their judgment of years ago that in deciding upon the Autopiano and Player-Piano as the one best and supreme in Player-Piano field has been proven by the unqualified endorsement of the world's greatest musicians, and the test of time. The United States Navy, the United States Army, the great export houses and thousands upon thousands of the best homes will attest to the correctness of this statement. Don't invest money in a Player-Piano that is liable to change values over night, but buy right in the first place and buy at the right price, which the house of Eilers always makes possible.

And let us state then that you can positively rely upon our judgment as to the instruments we sell. We will not sell anything that is not in every way right. We say money back if whatever we may have sold does not in every way prove satisfactory or as represented.

Will You Decide on a Player Piano or a Piano Now?

If so you needn't pay anything down and we will take \$1.00 per week on pianos and \$2.00 per week on players. We have got to get rid of them quickly. Pianos intended for the San Francisco house are pouring in on the Oakland store. They are rebuilding the big Eilers building in San Francisco and can't take any more until remodeling is finished. Get a new piano for \$93.00, a more elaborate one for \$160.00, a new player piano for \$285.00.

Chickering, Kimballs, Deckers, Smith & Barnes, Sohmers, Autopianos, all are reduced to unheard of prices.

CALIFORNIA DELEGATION ON STRONG COMMITTEES

Knowland on Commerce, Kahn on Military and Hayes on Banking Committees

WASHINGTON, June 9.—With the announcement of the standing committees of the Sixty-third congress the members of the California delegation feel that they have been well placed. The oldest members in point of service, Knowland, Kahn and Hayes, retain the assignments they held last session, which was in accordance with their desires.

Knowland is a member of the single committee on interstate and foreign commerce in compliance with the rule that members assigned to either of the three most important committees of the house hold membership upon but the one committee. This committee has a larger jurisdiction than any other in the house.

On Military Affairs. Congressman Kahn is now the Republican member of the committee on military affairs. This will give him a chairman's position in the committee. Through years of service he has gained membership on the committee on military affairs and has been a member of the committee on military affairs.

On Banking. Congressman Hayes is now the Republican member of the committee on banking and currency. As current legislation is to be taken up at this present extra session Hayes, ranking Republican member of the committee on banking and currency, will be in the forefront.

Raker on Lands. Raker retains his membership on the committee on public lands. He also goes on Immigration and Naturalization. The Hatch-Hetchy bill will be considered by the committee on public lands.

Mexican Loan Litigation Ends After 50 Years

When General Vallejo and Augustin Alviso, a pioneer rancher of Alameda county, loaned the Mexican government \$10,000 to assist in driving Maximilian from Mexico in 1865, they did not realize that the matter would not be settled until 50 years later.

Superior Judge J. D. Murphy, sitting in the extra sessions today, granted a non-suit in the case of Chapuan against Dana. The parties to the action acted as administrators of the estates of Guadalupe Alviso and his brother, Valentine Alviso, who were sons of Augustin Alviso.

According to Attorney George W. Larrabee, the suit was brought originally on the part of one brother in an effort to obtain loans from various people pending the litigation.

Valentine Alviso was executor of his father's estate and he was at Alamo, Cal., when the suit was brought.

The non-suit today is said to practically be a termination of the old litigation which has been tried before former Superior Judge H. A. Morin and Judge Ellsworth, recently retired.

ANYTIME IS NOT MARRYING TIME; CUPID SETS THE DATE

By LAURA JEAN LIBBEY

[Copyright, 1913, by Laura Jean Libbey.]

HERE are those who think that all that is necessary is for a couple to meet, recognize their attraction, for each other, love, and wed without more ado.

It has been determined, however, that no matter how devoted a couple may be to each other and hoping soon to wed, they cannot marry an hour sooner than the time which Cupid has set for them.

All days are not marrying days. People are forced to wait the allotted time whether they will or no. If they would hurry matters no end of reasons crop up to put off the wedding day.

A man may lose his position and it might be a year or more before he feels that he can take on the possible responsibility of supporting a wife. Or he may be called upon suddenly to support the family through a father's illness, or perhaps through some loss of property.

There is much which must be taken into consideration when a man contemplates a step. Few men are willing to take the steps into the unknown which Cupid sets for them.

It is not marrying time only when two hearts meet, love, and there are no black clouds in their sky of matrimony. A man stumbling blindly seems to accentuate, to thwart the design of endeavoring to surmount them, only to meet with failure, one should give their attention to removing them.

It is not marrying time for the couple who meet one week and who believe that they know each other well enough to wed before the month is out. The course of true love is not expected to run smooth, a great philosopher has said. But as the road leads to the altar it should be tolerably level and easy to traverse.

When a man has good prospects and there seems to be no reason as to why he should not wed, a girl to whom he has been making love and has proposed to in a vague sort of way might well ask herself: "I wonder when marrying time will come?"

Marrying time comes to some men. They are too fond of being free lancers. And the women who wait upon their caprices may find that it is a case of this year, next year, sometime, never. The long drawn out courtship is as bad as the too short one.

There will always be marrying time, but the world lasts, but it should not be too long. The time is underripe or overripe. The couple who have wintered and summered each other and had the consent of those who looked well after their comfort might rightly consider that any time is marrying time.

SHALL SHE WAIT? "Dear Miss Libbey: I am 20 and have been going with a young man of 21 for nearly two years. I love him dearly and know my love is reciprocated.

FAREWELL SERVICE IN OLD CHURCH

First Hebrew Congregation Will Bid Good-Bye to Edifice Used 25 Years.

With the Pentecost services next Wednesday morning, June 11, the First Hebrew Congregation will bid farewell to its present edifice, corner Twelfth and Castro streets, in which the congregation has worshipped for over a quarter of a century.

Originally Pentecost, or "The Feast of Weeks," was an agricultural festival. It was the time set for the offering of the first fruit harvest, and as the Old Testament attaches to every joy and every blessing the stamp of religious holiness it was made the time for the offering of rejoicing. After the decline of the Jewish commonwealth the principal character of the festival was the "giving of the law," its dominant note and strongest hold being the commemoration of Israel's divine appointment to his spiritual destiny at Mt. Sinai when he received the Ten Commandments, the magna charta of religious and righteous life, which took place on this day, the day of the 24th month of the Jewish calendar.

Reminiscent of both the spiritual and agricultural origin of this festival, this day is made the day of the offering of the first fruit harvest, and as the Old Testament attaches to every joy and every blessing the stamp of religious holiness it was made the time for the offering of rejoicing. After the decline of the Jewish commonwealth the principal character of the festival was the "giving of the law," its dominant note and strongest hold being the commemoration of Israel's divine appointment to his spiritual destiny at Mt. The sixteen children to be confirmed are: Leora Cohen, E. Davidson, Ruby Fisher, Gladys Hupp, Mary Shulman, Stella Silverman, Mary Strauss, Mende Friedman, Charles Greenberg, Harold Kaufman, George Levy, Sylvia Levi, Harry Rubenstein, Clayton Salomon, Charles Wein and Henry Schwartz.

U. S. to Sell Map of Gettysburg Field. Territory of Twenty-five Square Miles Shown in Geological Survey Publication.

WASHINGTON, June 9.—In recognition of the coming great celebration on the battlefield of Gettysburg, the United States Geological Survey announced today that it had produced a map of the battlefield which it was proposed to sell to the public at half price.

The concession, it is announced, was made by special authority, granted by Secretary Lane of the Interior Department. The map shows the territory about 25 square miles, over which the Federal and Confederate legions fought. It is based on the scale of one mile to the inch and the routes taken by Generals Lee, Hooker, Meade, Pickett and other leaders are plainly shown.

STOCKTON, June 9.—San Francisco, Oakland and Stockton canneries have contracted for practically all of the cling peaches in the San Joaquin valley and the Central Valley of California. The peaches are scattered all over the valley and there have not yet been purchased.

Prices on canning peaches have been good and have held up with no fluctuation whatever. The opening prices of from \$29 to \$32.50 per ton for orange clings, from \$25 to \$27.50 for yellow clings, and from \$20 to \$22.50 for white clings, have been maintained without exception throughout the buying season.

On green fruits generally there has been a lack of any great amount of speculation, although there has been some speculation in growers from one packer to another.

HEAVILY ARMED BOYS BREAK INTO SCHOOL. SAN LEANDRO, June 9.—Four youths from San Leandro, Cal., armed with shot guns, rifles and six-shooters, were detected here early this morning by Deputy Sheriff P. Mrs. Merriam looked much improved in health and was apparently free from the nervous breakdown resulting from her husband's sensational revelations on the witness stand. An arrangement made to suit the convenience of the court, Captain Merriam and Major Murphy brought about the continuance of the case until August 4.

(By BILLY FITZ.)

HAVING carved the series in the middle by a hurricane finish, the Oaks are today headed for the old homestead and are due in Oakland tomorrow morning. Contending that this week are the rejuvenated Seals who are in third place and six games behind the Oaks. Inasmuch as a victory for one means the defeat of the other, the Seals could tie up for second place if they took the first three games straight. Of course, they don't figure to do that, but Del Howard has convinced his men that they never stood a better chance to take a series from their sworn enemies, and those Seals will be up and fighting from the first gong. Fanning and old "Doc" Thomas are in great form now, and both will be used in two games each. That will leave three games in which Del Howard will choose between Henley, McCorry, Hughes and Douglas. Southward Baker may round into form by Thursday.

To Jimmie Johnston, the Coast League Raffles, must be given the credit for the greatly improved method of offense displayed by the Seals. Johnston has shamed his team mates into following his example, and the Seals nowadays are quick to take advantage of the slightest wobble made by the opposition. Johnston has given the team confidence and the spirit and dash which it never displayed before. He does more to rattle and annoy the opposing pitcher than any other player in the league. The Venice infield got the fair-robles every time Johnston got on the bags yesterday, and the outfield scored with ridiculous ease.

Tradition forbids the Oaks from perusing San Francisco to take a series from Oakland, and the Champions always seem to play better ball against Ewing's hirelings than they do against any other outfit. They have the Howard goat roped, tied and branded, before they start. But tradition is a queer thing.

The Portland series reflects little credit upon the Champions, though they managed to pocket the Sunday struggle 5-4. The infield put up a miserable defense, erring in every one of their nine outs, making twelve errors in two games. Some credit for encouragement can be found in the work of the outfield. Zacher and Coy bugging the back consistently and showing the best form. Gardner and Becker also helped in the attacking department, the latter batting .500 in the afternoon game yesterday, while Gardner came through in the pinch Saturday when called upon.

Tyler Christian, by virtue of two victories, jumps up amongst the leaders this week, while Bill Maloney remains the same with one and one. Pernell opened at Portland last Tuesday, and though the Oaks eventually won, Christian gets credit for the victory, having gone in under a handicap of one run. Pernell lost Friday.

The Venetians can easily claim the hard luck championship of 1913. Hogan has had his regular line-up but two days this season, and has forgotten what some of his players look like. He has completely given in every conceivable manner and event every possible sort of a makeshift. As a result, the Venetians are completely demoralized and it does not look as though Venice could possibly get going this year. The pitching staff has been together wonderfully despite the absence of support, and this fact alone has kept the Toppers out of the ruck. In the morning, comedy of errors of the Gonsales batted seven times and even local fans, who have hogan like they do medicine, forebore to jeer. It was a sort of "Don't cheer, boys, the poor fellows are dying" spirit.

The Seals can do everything else—but win, before a Sunday afternoon crowd on the home grounds.

The feature of the p. m. farewell to the Venetians was Walter Carlin, who homed twice last by way of celebrating the return of his long-lost batting eye.

The Venetians crawled aboard the choco-choc last night and raced southward in an effort to connect with the Wolves in time to play off a postponed game this afternoon. The Wolves remain there for a week and the Angels rush north to talk it over with Portland.

Elmer Zacher's bank account is \$50 larger today than yesterday. The Portland ball donated it after being punched in the ribs. Go on, you Elmer!

Jimmie Johnston scored nine runs for the Seals this week and seven bases. He is ahead of last year's record in the league and will probably establish a new record in coast league annals.

Again Ashley Pope, ex-Oak, succeeded in coming out a winner. He allowed Fresno 7 hits, but the San Jose team pulled out 11 safe smashes for seven scores.

However, ex-Seal Artlett did not have the fortune of Pope, being defeated 4 to 9. Artlett held Stockton to 7 hits.

Umpires Van Clee and Bush are running about even for popularity honors among the San Francisco fans. Every time Clee made a decision he was promptly "booed."

PRINCIPALS IN CHAMPIONSHIP BATTLE TOMORROW NIGHT

JIMMY FOX

JOHNNY KILBANE

CHAMPION CONCLUDES

TRAINING BEFORE BIG CROWD

Ritchie's Manager and Joe Levy Meet This Afternoon to Sign Articles.

(By THE TIMEKEEPER.)

BEFORE a large and admiring crowd of fans

representing almost every community about the bay, Johnny Kilbane, featherweight champion of the world, concluded his training yesterday afternoon in Piedmont Pavilion and is now ready to defend his title tomorrow night in a ten-round bout with the pride of San Francisco, Jimmy Fox.

Three rounds with Joe Azevedo and two with Jimmie Dunn, the opposing manager, demonstrated that the champion was the cleverest glove wearer the local fans have ever seen. None of the boys who boxed with him yesterday could lay glove on him, unless the champion purposely permitted it. At least that was the way it looked.

While it is true that Fox is purely a four-round artist, with nothing but his speed and the punch to contend with, with practically no reputation beyond his home city, Joe Sullivan, his manager, is confident that the youngster will be able to put up a good battle against the champion. Fox has trained consistently and harder than he ever did before. He has been boxing at San Rafael with "Red" Watson, Soldier Sam, and Eddie Miller. Bob McAllister and Willie Ritchie each express the belief that Kilbane will catch a tarter in Fox, whose style of pulling is better adapted to Kilbane's than would be the case with a slugger.

Toby Irwin, official referee for the club, was asked upon yesterday by Joe Sullivan why Jimmie Dunn, the opposing manager, was not present. The two boys will weigh in tomorrow at Grant Gorman's at 2 p. m., with the fight set at 124 pounds. Both boys are at weight.

Matchmaker Bohan has arranged seven preliminary bouts for the entertainment of the crowd. Azevedo is to box a six-round bout with Young Abe Attell, the Denver boy, whose victories have made him famous in the five-round fans, and who showed in his bout with Walter Scott last week that he could slum with the best of them. Sally Salvador and Tony Freitas and Kid Romeo will also have a go at it. The latter will once more try to decide which is the better man over a half-dozen rounds. A four-round bout will open the show.

Bill Nolan, manager for Willie Ritchie, and Joe Levy, the man who is handling Joe Rivers, meet this afternoon at 4 o'clock in the office of Eddie Green at San Francisco to decide details of the Fourth of July match. There was too much money involved in the battle for Nolan to let the chance go by, and the deadlock was broken when Graney succeeded in inducing Nolan to agree to 134 pounds ringside, or 135 three hours before the fight.

Levy will decide today which of the two he prefers; the two managers will sign articles, pay \$250 each in forfeits, and possibly select a referee.

Graney has been offered Coffroth's Mission-street arena, and will probably lease it for the battle. Within two days Ritchie and Rivers will be situated in their training camps. Ritchie, who is now leading an outdoor life on Manager Willie Nolan's ranch in Laguna County, will come north at the call of Manager Levy and will finish up his work, probably at Joe Miller's, in Colma. Rivers, now at Wheeler Springs, in the San Joaquin valley, will come north at the call of Manager Levy and will finish up his work, probably at Joe Miller's, in Colma. Rivers, now at Wheeler Springs, in the San Joaquin valley, will come north at the call of Manager Levy and will finish up his work, probably at Joe Miller's, in Colma.

Ad Wolgast, former lightweight champion, who today is training at the Blue Reather-weight Johnny Dundee scheduled for tomorrow night, was called off because of an injury to Wolgast's hand, expects to spend a few days in the hospital, and will then travel to Hawaii, with the alternative of a similar stay in Oregon. It is doubtful if the former premier lightweight will ever enter the ring again. His physician told him yesterday that his injured thumb might prevent him from fighting again, although a six-months' vacation might allow it to regain its former condition. Wolgast declared that if he ever battled again it would be with Willie Ritchie, should the latter retain his championship title. Wolgast is well financially and would retire with greater affluence than most boxers.

Promoter Tom McCarrey announces positively that a meeting between Leach Cross and Bud Anderson will be in the Independence Day fight program at Los Angeles.

Cross was scheduled to leave New York today for Los Angeles. Traveling with him will be Charles Le Doux, the French outdoor athlete, who will box in the camp of San Francisco here June 24.

STANFORD BLANKS KEIO. TOKIO, June 8.—The Stanford J. University baseball team yesterday defeated Keio University by a score of 8 to 0. The Americans made 13 hits and the Japanese only three were plentiful, each side making four.

A Bad Ball Does Not Make Up for a Bad Strike

Umpire Van Clee is already finding that an arbiter's job is no bed of roses. The new man means well and is over-anxious to make good. Acting on the theory that two wrongs make a right, Van Clee has again and again tried to even up one bad decision by calling the next one wrong. If he calls a bad one on the batter and the crowd roars, the next one, though it cuts the plate, will be called a ball.

This has been so obvious that the players on both teams, as well as the fans in the grandstand, could not help but notice it. The players have already found out that they can "ride" the new umpire and unless he shows more firmness they will be kicking his shins in another week.

University was defeated by the Stanford squad, 8 to 0.

Rightfielder Frank Schulte of the Chicago Nationals yesterday underwent an operation for the removal of a growth from his forehead. He was struck by a pitched ball a year ago. Schulte will probably be in condition to play tomorrow.

GOLFERS ANTICIPATE BIG PORTOLA MATCH

Local golfers have something to look forward to in the coming of the Portola celebration, next October. Undoubtedly, tournaments will be arranged for the players hereabouts, as usual, though nothing definite in that direction has yet been officially announced. Aside from a competition in San Francisco, however, other features of a more unusual nature are scheduled for Portola week.

Arrangements have been completed for the holding of an exhibition match between two of the most famous of English professionals, Edward Ray and Harry Vardon. The former is the present British open champion and the latter has held that title on five different occasions.

The contest between them was arranged by Campbell Whyte and John Lawson, who are San Francisco players who competed in the recent championship in Scotland. Whyte and Lawson engaged the two English experts to come to this coast at the time of the Portola celebration.

Ray and Vardon are to compete in the American open championships at Brookline, Massachusetts, in September, and will then come to California for their exhibition here. It is reported that each of the visiting cracks will receive \$2500 for his services in San Francisco.

SECOND ANNUAL YALE PRINCETON GAME TODAY

BOSTON, June 8.—The last fortnight of the college baseball season in the East opened today with the featured contest on the early schedule—the second game of the annual series between the rivals Princeton and Yale.

Today's game, staged at Princeton, came over from last week as the result of a six inning scoreless tie of Saturday, the finish of which was prevented by storm. Yale already has won the first game of the series.

Yale is to play a series with Harvard next week. In the event of blue victories in the contest, the eastern college contest will be decided beyond doubt. Brown still holds a place next to Yale in unofficial calculations as to the ranking of the eastern college nines. Harvard, who has won the place as the result of the Yale series.

NEW U. S. POLO CHOICE MAKES TEAM EVEN IN BETTING

NEW YORK, June 9.—This was Ferrier's day in the camps of the American and English polo players at the Meadowcroft Country Club, in preparation for the international cup series which begins tomorrow. The stakes of ponies which the American defenders and the English challengers held ready for the fray, about 150 in all, were all newly shod although neither side will probably use more than a score of their valuable mounts in the first match.

The fifth hour decision to reinstate the old cup defending team as this year's defender was welcomed by the American enthusiasts today as a fine move. The action was taken to assure combination and team play which might have been played by a team of substitutes after having practiced so much with his regular team.

Whitney and the Waterbury brothers had originally conceded the wisdom of the substitution of Keene, L. E. Stoddard and Malcolm Stevenson as the former had on some occasions failed to play with their usual brilliancy. Whitney had been ill with indigestion and the Waterburys were somewhat out of form. The general approval of the experts has been attested by a shift in the odds which were said today to be practically even.

Members of the Eucalyptus team and their friends yesterday enjoyed a launch ride to the headquarters of the Pacific Motor club at Belvedere, where the latter organization acted as hosts for the Alamedaans. About 24 launches made the trip. The Eucalyptus club will formally open the season with races, swimming, and other aquatic sports and dancing, next Sunday.

George Helm, the veteran sharpshooter, led the marksmen at Shell Mound Park yesterday by scoring 211 in the expert class of the Norddeutscher Schuetzen Club and winning first prize in the competition of the Golden Gate Club with a score of 231.

Although still three years away, the stadium which will hold the Olympic games at Berlin was dedicated yesterday. The Eucalyptus club will formally open the season with races, swimming, and other aquatic sports and dancing, next Sunday.

Hans Ohrt and Jack Holmes were the stars of the first of the two tennis trials for the June 22 race held yesterday at the Golden Gate Club Stadium by the New Century Club Wheelmen, who shall ride on the six-man relay team on the 22d.

Ohrt won the first heat and Holmes took the second. A match sprint between them found Ohrt winning two straight heats.

The card on the 22d is the next thing attracting the clubs of the California Association of Cycling Clubs. Besides the six-man relay race for the Ohrt trophy, there will be a five-mile handicap, a three-mile handicap and a one-mile open race.

Cricket enthusiasts are having a hard time to establish the game in this section. The Wanderers were unable to raise a full team to play the Barbarians across the bay yesterday, and the Golden Gate and the Alameda, who were scheduled to play in Alameda, failed to show with complete elevens.

J. M. Stephens was the winner of the monthly medal competition over the Presidio links yesterday afternoon, his card reading 80-15-55 for the eighteen holes.

The Erlin's Hopes were beaten at Gaelic football in San Francisco yesterday by the Celtics, 4-1. The local boys were shy several of their best players and hope to reverse the struggle at another meeting.

McGrath and Patterson shone for the Erlin's Hopes.

Lieutenant August Westphal made three consecutive centers in the competition shoot of the Norddeutscher Schuetzen Club at Shell Mound, the best scores of the day in that contest.

Lieutenant J. F. Waters made a score of 42, the highest in the monthly medal shoot of Company A, Irish Volunteers, at Shell Mound.

William Johnston won the lawn tennis championship of San Francisco yesterday, defeating Edna Potrell in one of the most spectacular matches ever waged for the title.

FAMOUS DRIVERS

FOR COAST TOUR

Marion Auto Entries Will Be Handled by E. G. Gager and C. B. Smith.

(By EDMUND CRINNION.)

Two famous automobile contest drivers have been selected by the Marion Motor Car Company of Indianapolis to handle the Marion cars in the Indiana tour to the Pacific Coast in July. They are E. G. Gager of Pittsburgh, Pa., sales manager of the Pullman Auto Company, and Clarence B. Smith of Los Angeles, district sales manager of the Marion company.

Both of these men have had unusually wide experience at the wheel of cars in events similar to the tour from the Hoosier capital to Los Angeles, as well as in many other races of driving in their respective year after year.

Gager is best known as a member of the winning team in the 1911 Golden

State tour, a touring model in a trip through the state and back, his first Golden State experience was that of 1909, which was from Detroit to Kansas City via Chicago, Minneapolis, Omaha and Des Moines.

In 1911 Gager won his class in the annual endurance run of the Automobile Club of Buffalo, but two weeks after the finish was displaced by another contestant on a protest regarding tire chains.

In 1907, just after the Golden State tour, he won the National Highway tour from Chicago to Los Angeles.

In these events he has been prominent for years in runs and tours around the country.

Clarence B. Smith has a most interesting record in both racing and endurance contests. The West has broken many records and has established a world record for light cars. His latest shows that in the four endurance runs in which he has participated he has made four perfect scores.

In his twenty-five road races he secured first place (winning) twelve times, second place eight times, third place once, and in three did not finish.

His most phenomenal performances have been made in the last three years. In the famous Santa Anita road race of 1910 he won fourth place in the light car division, and also won second place as a medium weight. In the race across country from Los Angeles to Phoenix, Ariz., in the same year, he won fifth place, although he was out of the running for eight hours after running over.

The car was damaged to some extent, but by extraordinary exertions Smith put it into running condition and finished in place.

Another interesting feat was made in the renowned "Mile High" hill climb at Redlands, Cal. The course rises one mile in seventeen miles. He won the division for light cars, and then went into the free-for-all and took second place with a time record of twenty minutes and thirty-five seconds. The Indianapolis Motor Club will be his first transcontinental event.

Smith will be at the wheel of the Marion touring car which will carry them to the coast, on July 1, to take charge of their cars, Smith from the North Pacific Coast, and Gager from Pittsburgh.

MOUNTAIN ROAD GOOD.

Reports from Hayes owners, who have recently invaded the realms of the Santa Cruz mountains in search of pleasure, indicate that the automobile road, which is now open to the summit of the Los Gatos-Santa Cruz road there seems to be a notable absence of the roughness which in the past has been a deplorable feature in the journey to Santa Cruz.

Mention is also made by the Hayes owners of making the steepest portions of this particular road more comfortable by the use of a type of car specially suited for the use of two people on long runs. It may be the only roadster in the tour and was selected by Fred J. Hanley in making its entry because of its adaptability.

Both Smith and Gager are expected at the Marion plant a few days before the start for the coast, on July 1, to take charge of their cars, Smith from the North Pacific Coast, and Gager from Pittsburgh.

GREEKS CELEBRATE FREEDOM OF NATION

SAN FRANCISCO, June 9.—Celebrating the ninety-second anniversary of the independence of Greece, the local church of the Panhellenic Union of America held its Twenty-fifth Anniversary in the Scottish Rite auditorium last night.

The program, which consisted of three parts, included folk dances, musical selections, addresses and literary readings.

Miss Virginia Shelton was the leader in the entertainment, reciting first "The Prayer of Apollo," from Sophocles' "Electra," followed by folk dances in the intermissions of the regular program and finishing with "The Dream of Philias," a fantasy, in which she was assisted by Professor Charles F. Smith.

The introduction was spoken by Richard De Fontana, and was followed by "The Panegyric Address," delivered by the Rev. C. Pappageorgopoulos. Richard Barry discoursed on "Ancient and Modern Greece."

ALAMEDA COUNTY WILL BE WELL REPRESENTED

Alameda county is out for a banner representation at the California Land Show, to be given in San Francisco October 11 to 25. These resolutions have been sent to all the members of the association. The Alameda county expedition commission, not to be outdone, also is outlining plans for its exhibit and has engaged 750 square feet of floor space. The floor space of Alameda county exhibits, it is expected, will be 1650 square feet.

"SHE LOOKS OLD" AND NOT YET 40

Many women fade early, simply because they do not take proper care of themselves. They constantly overwork and overeat those ailments that, if not checked, rob them of all health and beauty.

At the first symptoms of a functional disturbance or an organic derangement, women who rely upon Lydia E. Pinkham's Vegetable Compound, that great woman's remedy for women's ills, it will add the roses to return to your cheeks, sallow looks depart, spirits brighten and backache and headaches caused by such troubles to be known no more.

OUTDOOR SERVICES ARE HELD IN MOSSWOOD

The first of a series of outdoor vespers services planned by the Young Women's and Young Men's Christian Associations was held late yesterday afternoon in Mosswood Park.

John W. Pechter, general secretary of the Young Men's Christian Association, presided and Howard E. Pratt of the same organization led the congregational singing.

Rev. Albert W. Palmer, pastor of the Plymouth Congregational church, spoke on "The Twentieth Century Christian in the Home." The home, according to Mr. Palmer, was a place of production of Christianity and should be regarded as such. He spoke of the present evil influences now threatening to break up so many homes and suggested means to combat them.

Miss Ida Green of the Young Women's Christian Association sketched briefly the plans for the vespers meetings to follow. Several musical numbers were rendered by the Brooklyn quartette during the services.
